Forest/Resource Labourer

VAST Resource Solutions (VAST) has an immediate opportunity for an experienced **Forest/Resource Labourer**. The primary duties for this position include:

Responsibilities

- Working as a crew member to assist with the construction, installation, maintenance and removal of forest/resource road bridges, crossings and culverts.
- Performing tasks involving physical labour, including hand work, clearing, site preparation, shoveling, raking and basic equipment and tool operation
- Loading, unloading, and moving equipment and materials around worksites.
- Assisting with other forestry and engineering projects on an as needed basis.

Requirements:

- Able to safely and efficiently operate 4-wheel drive trucks and equipment trailers (i.e. Class 5 BC Driver's Licence with Heavy Trailer Endorsement preferred), excavators, ATVs, chainsaws, and various power and hand tools. *Note: if the preferred candidate does not have a Heavy Trailer Endorsement, training will be provided.*
- Physical strength and stamina.
- Common sense and a commitment to health and safety.

Working Conditions:

- The typical work schedule is Monday to Friday, 10 hour days including travel. This is a permanent position with seasonal variation in the work schedule.
- Work will be outdoors in a variety of terrain and weather conditions, often in remote back-country resource road locations.

Applications will be evaluated as they are received; the posting will close as soon as the ideal candidate is identified. Please email your resume to:
